## Highly Commended

### Chen (Jasmine) Huang (City Office)

The following has been said of Jasmine by her Supervisor: "Jasmine has been working within my team for over 12 months performing data entry. During this time, Jasmine has shown an excellent work ethic where I would have no hesitation in recommending her to other clients. To date Jasmine has had a perfect attendance record. She is always contentious on punctuality and I can always rely on Jasmine out performing all expectations. Not only do I utilise Jasmine for data entry, but I now utilise her as the 'go to person' when different issues arise in reference to our database. I am honoured to be able to put on paper the outstanding achievements Jasmine has been able to accomplish and am pleased that she will be recognised with a commendation award."

### Rajini Rao (Parramatta Office)

Rajini started her temporary assignments with Quay this year in March. During this period she has successfully completed one assignment and currently working in another role. The feedback that I have received from the client is that she is a very fast learner, always take her own initiatives and a great addition to their team. Rajini, thank you so much for all your hard work and we look forward to working with you in the future! Well done!
